<b>DEPARTMENT</b>	Organizational <input type="checkbox"/> Departmental <input checked="" type="checkbox"/> Name: Information Management
<b>TITLE</b>	Third Party Security Management
<b>PURPOSE</b>	Maintain the security of the organization's information and information processing facilities that are accessed, processed, communicated to, or managed by external parties.
<b>APPLICABLE TO</b>	Full-time or part-time Third Party vendors, suppliers, service providers or consultants that are contracted for a definite period of time.
<b>DEFINITIONS</b>	<b>Third Party</b> - Individual or organization having a contractual or regulatory relationship and that is not a member of the organization (Employees or Board of Directors).
<b>EXPECTED OUTCOME</b>	Implement and maintain the appropriate level of information security and service delivery in line with Third Party service delivery agreements.
<b>POLICY STATEMENT</b>	<p><b>1. GENERAL</b></p> <p>1.1 All Third Party personnel/ organizations having access to Sidra's classified information and information processing facilities shall adhere to relevant the security policies.</p> <p>1.2 Any physical and logical access given to Third Party personnel shall be pre-approved, logged and monitored.</p> <p><b>2. SECURITY IN THIRD PARTY AGREEMENTS</b></p> <p>2.1 All Third Party entities shall sign a confidentiality and non-disclosure agreement before being provided access to internal or confidential information.</p> <p>2.2 Information security and the protection of confidential information shall be addressed in all Third Party contract agreements.</p> <p>2.3 Information technology outsourcing agreement shall include clauses concerning service provider's regular testing and maintenance of system security on an on-going basis.</p> <p>2.4 Agreements shall include a "Right to Audit" clause ensuring the organization's personnel and/or an authorized representative could physically and logically evaluate a Third Party's control environment.</p> <p>2.5 Ownership of software developed by outsourced personnel (e.g., contractors) shall be defined in the contract agreement.</p> <p>2.6 The organization's group responsible for the selection and approval of Third Party services and a representative from Legal Department shall approve all contracted information services agreements. Approval from IT/ Information Security shall also be obtained if the</p>

	<p>services provided affect the security or integrity of the organization's networks or confidential information.</p> <p>2.7 All security roles and responsibilities shall be defined and communicated to the Third Party contractor.</p> <p><b>3. MONITORING AND REVIEW OF THIRD PARTY SERVICES</b></p> <p>3.1 Compliance and adherence of third parties to security controls and agreement shall be monitored and assessed through the IT/Information security annual risk assessment.</p> <p>3.2 Depending on the sensitivity and criticality of the services or data provided, an independent audit report shall be provided or an IT/ Information Security audit exercise shall be performed.</p> <p>3.3 Changes to the Third Party services that would impact the provided access to information, systems and business processes shall be assessed and security clauses in agreements updated if necessary.</p>
